

Have you **experienced abuse in a relationship?**

Has a **partner ever been violent towards you?**

Do you **live in the UK?**

If the answer is yes, and you are **aged 16-30**, we would like to hear from you about your experiences.

As part of an important study at the University of Huddersfield, we are asking young women **who live in the UK** about their experiences of abuse. The study is part of an ambitious international project aiming to eliminate violence against women and girls in our societies. Your contribution will enable us to better understand and explain the real life experiences of young women.

You can share your story confidentially with our researchers online via tools such as Skype, by telephone or in person, if you are local to the West Yorkshire area. Everything you tell us will remain anonymous at all times.

If you think you would like to take part, please contact Vikki Hart (None in Three Centre Administrator) on: (tel) **01484 472745** or (email) **noneinthree@hud.ac.uk**
